October 18, 2010

Hello Everyone!

Attached you will find Networks for Training and Development, Inc. (Networks) FY'11 Catalog of Services. As you may have noticed, we at Networks are "re-inventing" our service areas in an effort to keep bringing you relevant, practical, and innovative training and consultation opportunities.

This year we are offering an even more customized approach by inviting you to work more closely with us. As part of our agreement with Philadelphia MRS, we would like to offer you 10 hours of gratis training or consultation within this fiscal year.

We would like to schedule a meeting or conference call to discuss our Catalog in an effort to tailor our services to directly address where and how we can best meet your needs. Please contact Jill Gromen at 267.408.9027 or [jillg@networksfortraining.org](mailto:jillg@networksfortraining.org) to schedule a time to discuss this great opportunity.

We look forward to working with you!

Sincerely,

Shauna Roman  
Executive Director
